

for grand stand, had been on the course on the previous day, and had promised to at once start working.

Mr. McNamara asked how many people would the stand accommodate when completed?

The Chairman—About 500.

THE COURSE.

The Chairman said Major Kenny as well as Mr. C. Mason, gentlemen of much experience, had spoken very highly of the course, and had said, and rightly said in his opinion that for good going and fine view their course was second to none in Ireland.

CHARGES TO COURSE.

After some discussion, it was unanimously resolved that tents should be charged £1 each, application for space for same to be made on or before 12th October, to Major Hickman, Hon. Secretary. Two-wheel cars to pay 2s. 6d., and four-wheelers 5s. each.

Mr. O'Regan was directed to see that advertisements should be inserted in the local papers.

CONTRACTS.

The Clerk stated that the several tenders for the yearly supplies had been tabulated by the Master and himself. The lowest, he presumed, would be accepted, but there were a few cases where the price was equal, and the rule was that the old contractor would get the preference.

An order to this effect was made, and the Board also declared contractors in a few cases where the prices were equal, and where the parties tendering were not old contractors.

Mr. McNamara proposed to re-advertise for leather, there being only one tender received.

Mr. Clancy proposed that they accept the tender.

After considerable discussion it was decided to advertise again, the goods to be of Limerick manufacture.

The other business was adjourned to next week, owing to the races.

CAPPAWHITE ASSAULT CASE.

A man named Timothy Crowe was charged yesterday, before Mr. Hickman, R.M., at the Police Court, with assaulting his wife on certain dates in September. The accused resides at Clonganhire, four miles from Cappawhite, and it is stated he was evicted from his farm for non-payment of rent, and that his wife was allowed back as caretaker. The alleged assaults appear to be the

therefore imposed. The prosecutor asked the Court to exercise the power vested under the statute in which he brought the case by making an order for the destruction of the dog, as he had witnesses to prove that it had bitten three or four other people, but the Chairman told him to take out a special summons if he wished, or to institute civil proceedings, and the officer remarked that he would take the latter course.

WAS IT LAHINCH?

A fully-authenticated story of a strange recovery of lost property comes from a popular Irish seaside resort, where good golf links are not the least of the attractions offered. Three years ago a lady, an ardent golfer, staying at the principal hotel there, lost a ring on the links. As she highly valued the ring for its associations, she caused very wide search to be made for it; but, despite the fact that not only then, but ever since a careful lookout has been kept, not alone by the caddies, but by almost everyone who heard of the loss, it was not found. The other day, however, while the loser of the ring, again on a visit to her favourite resort, was playing golf, she, in a missing stroke, struck the ground, dispersed some sand, and uncovered her long-lost property.

The remains of the above deeply lamented lady were removed from her residence, Dromard House, Rathkeale, on this Thursday morning to Ballinagrane Railway Station en route to Shenstone near Lichfield in England, where the interment takes place. Despite the early hour, seven o'clock, a large concourse of mourners and friends assembled to pay the last tribute to the deceased lady.

A GREAT AGE.

A man named Thomas Sheehy died yesterday at Clounlehard, near Glin, at the very remarkable age of 110. Deceased, who was born in 1793 in the adjoining parish of Athea, lived his long life in this district, and followed throughout the humble occupation of an agricultural labourer. In late years he has occupied a patch of mountain land on the estate of General Dickson, where he died. There is no doubt as to the longevity of Sheehy, for in 1806 he worked as a boy at the making of the mail coach road from Limerick to Tralee. Up to a year ago he was in the enjoyment of good health, and could then walk about as if he were half a century younger. He was married, was a moderate drinker, and a great smoker.
