NEW CHURCH TO OUR
LADY OF LOURDES,
LOWER GLUCKENSTEIN STREET, DUBLIN.

A TEMPORARY edition has been erected
on the site reserved for the New Church,
which is to be built on the site of the old
one. It is already overcrowded, and the Bishops
have issued a deep spirit of devotion to Our Lady
of Lourdes, with some beautiful results amongst
the people.

The temporary structure must serve until
the funds necessary to build a permanent
Church to Our Lady of Lourdes are collected.
The district is the most densely populated and
poorest in the city, and therefore little pecuniary
aid can be expected from it.

The Administrator strongly appeals to the
generosity of the Catholics of Dublin and the
land to assist him in carrying out the good
work.

The Holy Sacrifice of the Mass will be offered
each week for subscribers.

Subscriptions will be thankfully received
by any of the Clergy, or by
Very REV. RICHARD BOWDEN, Adm.,
60, MARLBOROUGH STREET, DUBLIN.

Fairy Lawn Fete
The "Fairy Lawn" Fete, organized in aid of the Limerick Christian Brothers' Centenary, was formally opened this afternoon by his worship the Mayor. Judging by the attendance and the extremely large, varied and interesting attractions provided it promises to be as great a success as the object to be served is undoubtedly worthy. It is, of course, unnecessary to dwell at length on the debt of gratitude which all classes in the city owe to the great effort which has been made to give to the centenary of the Christian Brothers' Schools a place before the public a few facts which will explain why this Fete will merit their patronage. The Christian Brothers' Schools at Sexton-street are overcrowded. They provide accommodation for about 500 pupils but more than 700 are on the rolls. In addition, special classes have to be set apart for instruction in technical subjects. This essential branch of school work has to be carried on in three large but unsuitable rooms in the "Munster" building. Everyone who has taken a glance at these arrangements is convinced that the time has come to make use of them. So the Organizing Committee propose to add an additional story to the existing school building. To accomplish this a goodly sum of money is necessary and the Fete has been organized to provide this sum, or part of it at least. The schools are open to all classes and are used by all. No one is excluded, and the education is practically gratuitous. The system pursued leads the pupils through all the stages of the primary school. He then passes on to the technical side or to the intermediate classes, according to his special aptitudes. In the intermediate course, those boys intended for business receive instruction in book-keeping, shorthand, commercial correspondence and in kindred subjects, whilst those intended for the professions also pursue suitable courses. Thus, provision is made to lead the pupils from the primary school to the University. This very month three of the boys attending the Sexton-street Schools have qualified for admission to the University of London. The Organizing Committee, therefore, we feel, can appeal to the public with full confidence to enable them to remove the disabilities which impede the great work that is being done for the education of the people by the Brothers. All classes of the community are now celebrating their Centenary a fitting opportunity presents itself of testifying in a practical way the esteem and affection in which the Brothers are held by all classes. In which the Brothers at the Fairy Lawn Fete give this opportunity, which we hope and expect all classes of the citizens will avail of.

Still Progressing
The Munster and Limerick Banks, as our advertising columns on Monday evening showed, continue to progress most satisfactorily. The report of the Directors for the year ended 30th June last, and the balance sheet, both of which will be submitted to a general meeting of the shareholders on Saturday next, bear eloquent testimony to its steady and remarkable success and growth of business. The deposits, which have been held by the Bank since its formation, amount to £2,000,000. The increase of £400,000 since June, 1915, is a record. The Bank holds in cash and convertible securities over £4,400,000, the liquid assets being equivalent to 66 per cent of the deposits. With advances to customers on overdrafts and bills amounting to close upon £4,000,000, the Bank's earnings have been so substantial that the Directors are in a position to recommend payment of the usual dividend at the rate of 10 per cent per annum, less income tax; to transfer £100,000 to a reserve for investment; and to pay a dividend of 10 per cent on the ordinary shares. The enhanced figure of £4,400,000 to the half-year's account. The Reserve Fund of the Bank now stands at £230,000, being £120,000 in excess of the Bank's paid-up capital. These figures tell their own eloquent tale of healthy and steadily increasing prosperity and they show a condition of things on which all concerned in the working and progress of the Bank can be heartily congratulated.
