

Contracts in progress in the District at the end of 2009, together with those contracts prioritised to start and schemes on which planning works will continue over the 2010 – 2012 period are outlined below. The progression of contracts to start and schemes to advance through planning in the district is dependent on compliance with statutory requirements and on the scope of contracts or schemes, as appropriate, fitting within the overall approach and criteria for advancement of water services infrastructure, as outlined in the Programme.
