

## Placenames of the Down Survey of Co. Limerick.

Compiled by Brian Hodkinson, Limerick Museum, June 2013.

<http://downsurvey.tcd.ie/down-survey-maps.php#c=Limerick&indexOfObjectValue=-1&indexOfObjectValueSubstring=-1>

The following is a list of the placenames of the Down Survey, taken for the most part from the parish maps. It is not an exhaustive list of every occurrence of a particular spelling. The list was compiled from the TCD website in the order presented there, i.e. by Barony then by parish within the Barony. Only the first noted occurrence of a spelling of a name is given and it is possible several other maps contain the same spelling. Thus the first entry might be peripheral, e.g. the name of the adjoining parish and more detail is available on another map. Where there are numbers on parcels of land, rather than names on the map, the associated terrier has been mined for the name. It is quite possible, however, that there are other variant spellings of names on the map within the terriers. For some Baronies there are no parish maps, so names are taken from the Barony map.

The list was made for my own research purposes and is made available with that understanding. It is probably in almost alphabetical order.
